**THE BOYS & GIRLS CLUB OF THE BURBANK AND GREATER EAST VALLEY  
RECEIVES DISNEY FRIENDS FOR CHANGE GRANT**

The Boys & Girls Club of Burbank and Greater East Valley was the recent recipient of a *Disney Friends for Change: Project Green* grant. The grant promotes children to help the planet through inspiring everyone to work together to make small daily changes that adds up to a big difference. The grant provided schools, organizations, and individuals assistance with making environmentally friendly changes in their communities.

The Boys & Girls Club of Burbank and Greater East Valley is excited to revitalize and expand their current garden with new flowers, vegetables, and fruits. Children will learn healthy eating habits and how to plant and maintain a complete garden. Club members also hope to grow enough fruits and vegetables to donate to the local food pantry.

In addition to the garden project, club members also created and implemented a recycling program. Recycle boxes were created and placed throughout the Boys & Girls Club facility. The program teaches the children the importance of recycling and how to help the planet one step at a time.

According to Brittany Vaughan, Director of Operations at the Boys & Girls Club of Burbank and Greater East Valley, “We’re all excited to help our club members learn to become environmentally sensitive and help others at the same time.”

You can join the Boys & Girls Club of Burbank and Greater East Valley in Disney’s Friends for Change: Project Green by dropping off your empty ink cartridge to recycle. All supporters are invited to visit the Main Club facility for a club tour. Volunteers are welcomed to assist with daily programming.

**About the Boys & Girls Club of Burbank and Greater East Valley**

The Boys & Girls Club of Burbank and Greater East Valley was founded in 1995 as a response to the local need for safe, healthy, productive activities for youth during after-school hours.
